N.O notes

1/23/69 B and O delayed last night when stayed with Barbara, getting a late start. At 7:30 a.m. Stan Bernabei phoned to say Jim Lesar must see us at the office at 8:15. We rushed & left getting there about this time. The office was still locked. We saw Jim about 10 a.m. We began by going through the mail & Lee stuff, the washing, hair cut, etc. Bud left to catch a 1:25 flight to Montreal and Jim & I continued, dishes being the object.

I told him Joffe was just saying that he got the office copy of the 2 films & gave it to Lawrence & Lifs that he knew L. had offered off in N.O. & had gotten it from Charlie Ward. I said I strongly suspect Joffe is more than the truth. I said Jim did not deny the possibility of either. He said Jay Reed claimed to have gotten a copy from Jeanette, to which I responded that he also said they had two copies & that one was much better than the other. His I said, was a fine & probably a composite with desirable characteristics. I said not help wondering afterward if it were possible that Joffe did get the office copy & then Jay rolled up the Ward cover.

On Lawrence, Jim said he had acted in pre-meditation on Jim's civil suits, including the Clay wrongful use he asserted as bearing this. In telling that Palmer vented from de he neglected to let the Dixie know. This was before the departure the Dixie hearing. That he had not discovered this & that when he & his office had not, I had.

He persists in believing the man in the "tramp" pictures leave connection with the assassination. Perhaps. Finally, he seemed to agree with my suggestion that we assess need for response. That none was possible from the DA's office & the press & his two most likely sources. I said of Mark & that the presence of them not identified as the

Operation Jeopardize ~~it~~ it and Dean meddling.
Told him how I had learned of his business &
the names of the cavorting girls. I also told him
some of Hoover's activities during WWII.

He told me that when he first met Lansdale
he suggested the change of title to Electrical Engineer.

He was in more with his Tuxedo & pinkies
~~if~~ if he could be an agent. I suggested he check
but he has also put it in Rich's files. What he is is
not the story. What he does & did is the reason.
When I pointed out Dean to keep pen by pen
researchers come up with nothing that starts
[illegible] is related to his case, he agreed. He seems,
however, to have an in the belief that there may be
something in the Bradley story. I explained how
T & Bag Boy Lansdale stuffed both the Boy in Turner's
Bradley stuff, that cannot be disproved & fakes from a
[illegible] electronics genius, even Doug the genius
Nyle in the Army Special Unit stuff. [illegible]
He seeks confirmation that Lansdale was heading his
prestige and influence with Jim & the Mob. He
also said that he has heard nothing from
Jim & he fired B. & that the day & the day
after he died Rose was in the phone packing with
Bailey & Palmer & was also there. He spoke of Russo
again & says he also tried to keep Jim away
from Brown as Baldwin also did. He came to DC
& told him the Garrison story. He has not contacted
Lee me in the Journal office since Tuesday
that was new. He told me he wanted me to have the
Rose pictures. Lois made copies for me so I can
send them around, together with the Jim Wilcott story.
I told Lois one of such to Lynn
We checked the city directory & found the L&R
in it in 1964 as I recall right to the manage-
ment in the Jackson office. I asked for copies of
all the ITT pages of the directories beginning
with 1963 & he got Baldwin & got them done. He has
interested in the L&R story & Garrison's

He showed a telegraphic copy of the autopsy & I made me for Kennedy brother for Geneva & whom Brad & I took photos last night for some kind of the Fortunate Hear. I clarified him in confidence of some of the other medical stuff & showed it to him.

Apparent wine surgery to [illegible]

[illegible] (he has written from Australia Rebecca, Just telling some things on - & he sent [illegible] would show out & then just throw out), but because the govt seems to seem to be stopping to transmit funds & the current case. I showed him some of the medical stuff and he [illegible] the [illegible] (this was presumptuous to regards the left Dorothy sent us and sent out).

The arrangements on the D C trial is that, if Vince is satisfied, Jim will get blessed with Brad in Chicago. I hear a letter that Brad will get if Vince is satisfied. Apparently the Cook County he is to [illegible] Chris Hackett.

I told him the [illegible] on the [illegible] Wood planned to [illegible] of Dave Chicago Post was [illegible] medicine & [illegible] & [illegible] to talk to me by phone. He then told me he had visited on the [illegible] of the [illegible] & that the trial could be dropping if they do not get the [illegible] & Dave & Dave where Dennis de mercil, Edward had said Jim had to [illegible] clear of Jim

I told him it was all done via advice of my D.C. [illegible] by the judges & he understood
